

Demolition Equipment Set: Explosive Initiating, Electrical And Non-electrical

SC: 1375-95-A03
NSN: 1375-00-047-3750
LIN: F91490

System Description

Engineer Equipment Set: Demolition provides the capability to create and remove obstructions, obstacles, and terrain features that will affect friendly and enemy movement. The set contains expendable and non-expendable, non-explosive materials necessary to support electrical and non-electrical initiated standard military explosives as well as Modernized Demolition Initiator (MDI) items. Also includes items that will allow users to assemble and transport initiation systems and charges during field operations, items that will evaluate minimum safe distance requirements, and equipment to computerize charge calculation and placement.

System Mission

Combat Engineer.

Reset Responsibility

Unit
